Ms. Trankha,

We wish to thank you for a very
memorial afternoon learning about
the art of Vietnam. Speaking with
local artists and spending time together
for a drink of Absinthe was one of the
highlights of our trip. Good luck with
your art!

Respectfully

Sandra & John Marshall

My performance for A Sense Of Art, an art journey which is designed by Salon Saigon and Trails Of Indochina is an a guider who take people to Saigon's Fine Arts Museum to hidden painter's studio and head to Salon Saigon Gallery. Visitors have a chance to immerse in the artworks' stories which are told by artist Tram Kha, Hoang Nam Viet and Hoang Duong Cam. Our collaboration provided them with insight into Vietnamese society, the culture of Vietnam, Vietnamese art history and the influence of international art & artists in Vietnam.
